3rd Annual Provincial Business Mixer

Friends,

Over the past few months, we have been meeting with MNA Regional and Local leadership to garner their input into the development of a framework for a Government of Alberta (GoA) Métis consultation policy. To this end, the MNA has assembled a technical working group (TWG) that will assist the Provincial Office in carrying out its functions to develop a framework that guides the MNA in its development of a made in Alberta Métis consultation policy.

The MNA will be providing insight into the feedback received from this particular round of consultations at the business mixer and I encourage early registration to confirm your participation in this event.

Kind Regards,

Audrey Poitras
President, Métis Nation of Alberta
