The Métis Nation of Alberta is proud to host the 3rd Annual Métis Nation of Alberta Provincial Business Mixer Thursday, March 31, 2016 at the Kingsway Ramada Hotel and Conference Centre in Edmonton, Alberta. The theme for this year's mixer is *Métis Consultation in Alberta*. Over the past few months, we have been meeting with MNA Regional and Local leadership to garner their input into the development of a framework for a Government of Alberta (GoA) Métis consultation policy. The MNA has begun to compile the feedback and looks forward to reporting on "What we Heard" at the provincial business mixer.

Past mixers have seen between 100 – 200 industry representatives, MNA business partners, and Métis entrepreneurs, businesses, affiliates and educational institutions come together to network and share information. For this year's mixer we will build on past successes with a trade show in the afternoon, followed by industry and MNA presentations culminating with an evening gala where attendees can network and visit while enjoying a lovely dinner.

The MNA is currently seeking support from our partners and friends in the form of trade show attendance and table sponsorship for the gala dinner. Registering for the trade show provides you with an opportunity to share information about your company, or products. You also have an option of doing a presentation on your company and product. Sponsoring a table guarantees your place at the supper, a space in the trade show, and presentation time. Please see the attached table for more information regarding sponsorship opportunities.

This is an open event with invited guests. The mixer will attract attendees from all areas in Alberta and various industries.

In addition to the sponsorship recognition, we will be posting a thank you response and short article on our website, quarterly magazine *Otipemisiwak* and Facebook page where your company will be mentioned and a link to your webpage will be included.

To sponsor the event, or find out more about the sponsorship opportunity, please contact Nick Bourque at (780) 455-2200, or by email at nbourque@metis.org.

Thank you in advance for your support.
