

You can choose one of the jack-o'-lantern design sets, or "carve" your own pumpkin.

FOLLOW THESE STEPS:

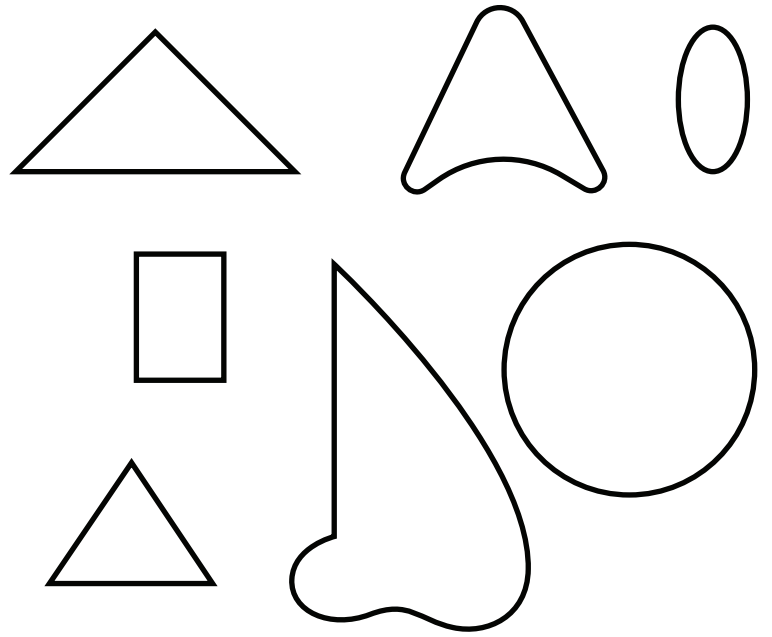

1. Print out the pumpkin and face designs.
2. Choose a blank pumpkin shape.
3. Colour the pumpkin however you like.
4. Cut it out from the paper.
5. Choose eyes, a nose, and a mouth. Cut them out and stick them on your pumpkin.
6. Put your jack-o'-lantern anywhere you want to decorate this Halloween!
