

### **Age 7–10: *What Makes You Happy?***

First, I went to a culture camp and I just thought it was very fun and it made me happy. And I went to Edmonton for a day and we decided to stop for dinner in a mall and I got a croissant and bubble tea. I drew myself in the rain, I love the rain. The first day I went to Ireland, I got to play in the rain. Me and my Granny like to drink tea together, and that's what makes me happy.
